

WHERE ARE YOU GOING TO WORK TOMORROW ?

GlassesGroupGlobal (www.glassesgroupglobal.com) is **the largest eyewear online retailer in Asia Pacific**, offering a vast selection of branded sunglasses, prescription glasses and contact lenses at competitive prices. We continue to see fantastic traction and are tapping full speed into the booming ecommerce markets in Asia-Pacific. As such, we are looking to strengthen our team in our headquarters in Kuala Lumpur, Malaysia.

BE READY FOR A NEW CHALLENGE!

At GlassesGroupGlobal, people who **take initiative** and **ownership** are being rewarded with significant responsibility and direct impact on the business. We value **doers** over talkers and **mentors** over managers. Our team is ambitious and passionate in forging forward to become the industry leader. Join us on this exciting journey and become a crucial part to spearhead our expansion!

Database Administrator intern | Kuala Lumpur, Malaysia

The Role

You are going to join the Operations team, backbone of the company.

Your mission will be to understand current operations process flows, identify areas of improvement and implement the designed solutions. You will also be in charge of all the evolutions in the database. Your imagination will be your only limit.

Your Profile

- Student looking for a 5 to 6 months paid internship
- Master's degree or engineering school in IT
- **Advanced database skills** (MySQL)
- **Advanced programming skills** in object oriented language (Java, Python, ...) or script (google script, VBA, javascript, ...)
- We are looking for creative talents, curious, analytical, methodical, and who are taking ownership of their projects.

Join us now and build the future eyewear industry leader together with us!
